

Parent Forum Summary
June 2018

Topics covered:

- One member of the group has successfully achieved a coop grant of £1124, which is to be spent on road safety awareness next academic year.
- First Aid - Year 6 children completed their training, which was more in-depth compared to other year groups. All children to be provided with a certificate. Many thanks to Mrs Perks for organising this.
- School dinners - we continue to receive positive feedback and once again parents were invited to come into school for a meal. Feedback welcome.
- SIAMS - in preparation for our forthcoming inspection, members of the group were invited to attend a session with the inspector.
- Transition arrangements - these were discussed in full, along with arrangements for communication with parents, moving up days and the rationale for split classes.

Next Meeting: 18th September 9am
