

Parent Forum Meeting  
Summary of Discussion  
23<sup>rd</sup> November 2017

- **Road Safety Awareness.**  
A number of suggestions were made to improve and encourage safer and more considerate parking: use of green cones; Safety Awareness Training for the children to be delivered by PC Tracey Horton; children to design posters; setting up a Walking Bus.
- **Communication re sporting events and clubs.**  
It was agreed that there would be a slot in all newsletters to include current and forthcoming clubs and after-school activity.
- **Maths:**  
We are introducing a new scheme for homework which will start after Christmas. The aim is to link homework tasks more closely with learning in school, provide parents with helpful examples and set tasks which are open-ended and investigative.  
Times Tables Rockstars (recently introduced), is going really well and helping children to learn their times tables.

Next Meeting: 1<sup>st</sup> February 2018, 9.10am
