- We aim to prepare pupils for life in modern Britain and to ensure that our school ethos, curriculum and approaches to teaching and learning reflect and promote British values.
- We recognise that these values are not exclusive to being British and that they have come to be accepted throughout the democratic world as the method of creating an orderly society, in which individual members can feel safe, valued and can contribute to for the good of themselves and others.
- We recognise that British values do not give total liberty to individuals or tolerance of all views. Their declared aim is to combat extremism, and so they do not condone attitudes that are discriminatory and not inclusive or loving.
- We understand the role that our school has in helping **prevent radicalisation** and supporting our pupils in developing a world view, recognising Britain's place within it.

Promoting Fundamental British Values and Preparing Children for Life in Modern Britain.

At All Saints' Primary School British Values are embedded in the life of the school. We ensure that the fundamental British Values are actively upheld through our PHSE, SMSC and R.E lessons and that they form part of our distinctive Christian character. British and Christian Values are promoted through high quality teaching across the curriculum and children embrace these with enthusiasm and they demonstrate a good attributes which will allow them to contribute positively to life in Modern Britain.

The way in which everyone in the school behave and treat others is built on a basis of respect, individual worth and Christian love and it is recognised that these principles are also present in many other faiths and cultures. The strong rooted values-based understanding gives children an excellent platform for embracing difference and diversity.
